

SPARKME MEDICAL STAFFING

ABOUT US

What we do...

SparkMe partners with medical practices to maintain optimal staffing levels in the most cost-effective way.

Current Focus: Recruitment of medical assistants for the following areas of practice...

Cardiology

Gastroenterology

Clinical Research

Family Practice

Pediatrics

ENT

Why We do it...

The trend of economic instability coupled with lower reimbursements creates a disproportionately negative affect on small to midsize practices.

SparkMe is an ally to independent physician entrepreneurs. We want to see patients and physicians continue to have choices regarding their healthcare delivery.

“Conformity is the jailer of freedom and the enemy of growth” John F Kennedy

How we help...

SparkMe reduces acquisition costs and secures a pipeline of candidates.

We take on the expense and time maintaining multiple job boards on behalf of our clients.

SparkMe never closes and will be on a constant search for the right fit for your current staffing needs. We maintain relationships with potential candidates so you don't have to.
